### **\$4.7m OMI SHARE PURCHASE PLAN A SUCCESS**

Multi-medical device company Occupational and Medical Innovation Ltd ("OMI") has successfully raised \$4.7 million in fresh working capital through its Share Purchase Plan, which closed on 15 June 2004

More than 40% of current OMI shareholders participated in the Share purchase Plan. Average take up of the shares available was 85%. On issue of the shares OMI's market capitalisation will increase to approximately \$54 million.

OMI Joint Managing Director Mr. Keith Taske said that the funds raised will be used to further expand sales and marketing plans for OMI's Safety Scalpel, Safe IV-Access Valve and Retractable Safety Syringe on the global market.

"Sales of the Safety Scalpel in the USA and Australian markets had more than doubled initial volume forecasts in the four months since release. Plans are progressing to introduce the Safety Scalpel to other world markets", he said.

In late May OMI signed Heads of Agreement with Terumo Medical Corporation in the USA and discussions towards finalizing a distribution agreement for this large market are in process. Additionally, discussions with BBraun for distribution of the Safe IV-Access Valve globally are reaching final stages.

"The success of this latest raising signals shareholder confidence in OMI's ability to create and distribute to end-users a range of innovative medical products with real-world benefits to healthcare professionals worldwide", Mr. Taske said.

"In fact, we have been quite overwhelmed by the response. We plan to deliver on this shareholder confidence to quickly implement expansion of our resources to enable the delivery of current developed product to market and allocate increased resources to fund additional product development," he said.

Page No. *3* of *12* pages.

ABN Amro Morgans Managing Director Mr. Tim Cromelin stated, "that the level of shareholder participation was an outstanding outcome and was a strong endorsement of OMI's recent milestone achievements"

Mr. Taske added, "We appreciate the loyalty of shareholders and I thank them for their patience as we bring our products to market."

OMI has been formally recognised as a serial innovator in the field of medical engineering, having been honoured with a 2003 Australian Design Award (Safety Scalpel), a 2004 Australian Design Award (Retractable Safety Syringe), and included in the 2004 Powerhouse Museum Selection.

A handwritten signature in cursive script, appearing to read 'Keith Taske'.
